

CALL FOR ENTRIES

Amherst Alarm accepts the 2016 PDQ Award. Past winners include: Habitec, Monitronics Int'l, HS Technology Group, Custom Alarm, Alarm Detection Systems, Altronic Alarms, Brink's Home Security, Broadview Security and Vector Security.

12TH ANNUAL POLICE DISPATCH QUALITY AWARD

“Promoting Partnerships in Public Safety”

Security companies and law enforcement agencies work together as partners, sharing information and communicating frequently to protect public safety and serve their communities. The Security Industry Alarm Coalition (SIAC), False Alarm Reduction Association (FARA), and *Security Sales Integration* created the Police Dispatch Quality (PDQ) program to promote cooperative best practices, reduce unnecessary dispatches and give officers the most complete information when responding to alarms. We are looking for companies that exemplify an all-out effort to reduce false alarms from implementing ECC (Enhanced Call Confirmation) and other features known to reduce alarm dispatches, training customers and working closely with law enforcement. The best overall collaboration will be honored with the 12th Annual North American PDQ Award, which is also endorsed by the Installation Quality (IQ) Certification Program.

- The winning security company will receive \$1,000 for hotel and airfare to attend June's Electronic Security Expo (ESX) in Nashville, Tenn., and will participate in the award ceremony.
- Installing and /or monitoring alarm dealers in the U.S. and Canada must mail an application to SIAC postmarked by **April 28, 2017**
- Outstanding program ideas will be featured in *Security Sales Integration* magazine, in security association publications and their Web sites, and at ESX 2017.
- Security companies and local police officials should meet now to form partnerships in public safety.

WORKING TOGETHER FOR PUBLIC SAFETY

The Security Industry Alarm Coalition and False Alarm Reduction Association. Co-Sponsored by:
Security Sales Integration Magazine, IQ Certification Program and Honeywell Security
