To: Supporters of False Alarm Reduction
From: False Alarm Reduction Association
Subject: [FARA Institute Sponsorship / Partnership Program](#)

With the continued pressure our economy is placing on public safety agencies throughout the US and Canada, the need to further reduce false alarms is great but the agencies' resources are diminished. FARA's library of publications and variety of programs, developed through the effort of its volunteers, provides valuable guides and information.

However, our Annual Training Symposium continues to be our *best* outreach program. Each year experienced and inexperienced alarm managers gather to share tips on successful programs and the challenges that confront them each day. Equally valuable is the industry participation and the ability to meet and discuss issues face to face. This interaction is vital to ensuring that FARA is keeping up with all the industry trends that can affect alarm management programs.

We are expanding our Institute Sponsorship Program to include special Partnership opportunities designed specifically for industry associations.

Partnership means that along with the full Associate Membership (includes one vote on behalf of the state association, as well as up to 3 actively participating members that will represent the state association), FARA will acknowledge our Partners through all the publicity of our time-honored Sponsorship Program along with special benefits for their members. Additionally, FARA membership dues for the industry association are included in the Gold and Platinum partnership levels. Please take a moment to review the enclosed form for more details.

We ask you to think about the value that each alarm manager, who has been exposed to the successful cooperative techniques, brings to the false alarm reduction effort and contribute accordingly. We also hope that the new Partnership opportunity will allow you to participate more fully in our programs.

Please feel free to contact any one of us if you have any questions.

Sincerely,

The FARA Board of Directors.
